EDUCATION

Brandeis University

Jan. 2024 – May 2026

B.S. in Applied Mathematics and Computer Science

Waltham, MA

**Transferred from Southern Illinois University–Edwardsville (SIUE), Aug. 2022 – Dec. 2023*

Relevant Coursework: Numerical Methods, Scientific Computing, Data Structures, Machine Learning, Deep Learning, Computer Systems, Real Analysis, Advanced Calculus and Fourier Analysis, (Partial/Ordinary) Differential Equations.

ACADEMIC EXPERIENCE AND RESEARCH

Research Student, Undergraduate Mathematics Research at Yale (SUMRY)

Summer 2025

Yale University, Department of Mathematics

New Haven, CT

- Selected as one of 19 students (10 non-Yale) to participate in this highly competitive research program.
- Appointed **Evaluation Chair** to represent students and provide feedback on program as a whole at the end.
- Leading daily research discussions for the 4-person Machine Learning in Computational Fluid Dynamics group.
- Developing a complete pipeline from scratch to preprocess and analyze complex CFD simulation data, extracting Liutex features for modeling.
- Applying methods (POD, NNMF) to reduce dimensionality and uncover patterns in high-dimensional data.
- Designing deep learning models (RNNs and temporal CNNs) to predict time series of fluid flow features from simulation metadata; Integrating learned models with Navier–Stokes solvers to speed up simulations while preserving physical consistency and accuracy.
- Attending weekly colloquiums on advanced mathematics topics (Topology, Geometry, Knot Theory).
- Preparing final paper and poster for submission to conferences such as *Jane Street Math Day*

Data Science Intern

May 2024 – Dec. 2024

Juvena Therapeutics

Remote

- Documented data preparation processes to enable optimal analysis and visualization, performing data collection, preprocessing, cleaning, and integration across 10+ in-house and public databases for 3 major company research projects on disease studies.
- Generated actionable insights for biologists and pharmacists by applying statistical modeling, clustering, and exploratory data analysis with optimized visualization tools, contributing to research on 3 diseases.
- Improved team alignment and project visibility by providing weekly updates to the supervisor, presenting bi-monthly to the data science team, and delivering a final summary presentation to the company.

Undergraduate Teaching Assistant

Aug. 2023 – Dec 2023

SIUE Department of Mathematics and Statistics

Edwardsville, IL

- Led 2 weekly sessions for Calculus I students, testing their understanding of materials in groups.
- Graded worksheets, contributing 10% - 15% to students' course grades on a weekly basis, helping assess their understanding and progress.
- Collaborated with faculty and the enrichment sessions coordinator to align sessions with the curriculum.

Research Assistant

Feb 2024 – April 2024

Brandeis University Guided Reading Research Program (GRP)

Waltham, MA

- Collaborated with a fellow undergraduate student and a PhD scholar to study Clifford Algebra concepts.
- Participated in weekly meetings to discuss abstract algebra topics and track research progress.
- Developed skills in communicating mathematical concepts through discussions and a final presentation to members of the Math department.

Undergraduate Research Assistant

Jan. 2023 – Dec. 2023

Southern Illinois University Edwardsville (SIUE) School of Business

Edwardsville, IL

Undergraduate Research and Creative Activities (URCA) Program

- **Evaluating Pension Plan Performance in Missouri and Illinois:**
 - * Conducted research on pension plans with a professor in the Economic and Finance department.
 - * Collected and analyzed data, identifying the 5 best/worst plans based on 20-year investment returns.
- **Research on Personifying Alexa and AI Code Effectiveness:**
 - * Worked with a professor in the Computer Management and Information Systems department.
 - * Researched Alexa personification's impact on reviews; Scripted data from local and global seller websites (BestBuy, Amazon, ASDA, Tesco, FlipKart).
 - * Contributed to a project on AI code effectiveness on GitHub with another department professor.

Data Scientist	Jan. 2025 – May 2025
<i>Brandeis University Branda App Development Team</i>	<i>Waltham, MA</i>
<ul style="list-style-type: none"> • Worked with a fellow to integrate transportation data from WhatEvent and MBTA into the Branda app, using machine learning to enhance real-time transit recommendations. • Presented findings to the team and supported development by translating data insights into improved app features. 	
Resident Assistant	March 2023 – Dec. 2023
<i>SIUE Housing</i>	<i>Edwardsville, IL</i>
<ul style="list-style-type: none"> • Fostered a safe environment, conducted mediation sessions, and enforced policies while supporting 37 residents in the first semester (2 buildings) and 64 residents in the second semester (3 buildings) • Collaborated with RAs, pro-staff, and faculty for events, and attended a weekly class on leadership and interpersonal skills. 	

LEADERSHIP AND MENTORSHIP EXPERIENCE

Deputy Treasurer & Incoming Co-Head Treasurer (2025–2026)	Jan. 2024 – Present
<i>Brandeis University Students Union (SU)</i>	<i>Waltham, MA</i>
<ul style="list-style-type: none"> • Selected to serve as Co-Head Treasurer for the 2025–2026 academic year. • Processed over 240 club payments across three semesters and coordinated with the university budget office. • Monitor budget progress and provide financial reports through regular meetings with the budget analyst. • Represent the treasury at Student Union retreats and meetings. • Conduct training sessions for club treasurers on financial procedures. • Lead semester-end budget reconciliation for all clubs. 	
Vice President (Now) & Event Coordinator (Previously)	Jan. 2025 – Present
<i>Girls Who Code (GWC) Brandeis Chapter</i>	<i>Waltham, MA</i>
<ul style="list-style-type: none"> • Elected to serve as Vice President for the 2025–2026 academic year. • Preparing for the 1st conference at Brandeis organized by a students’ club on Sep. 13th, 2025. • Organized GWC Galentine’s Day event (featured in the Student Engagement February 2025 Newsletter). • Planned, coordinated, and executed events, collaborating with internal clubs while ensuring requirements are met, managed timelines, and handled last-minute changes. 	
Undergraduate Departmental Representative (Incoming)	2025–2026 Academic Year
<i>Brandeis University, Department of Mathematics</i>	<i>Waltham, MA</i>
<ul style="list-style-type: none"> • Selected to represent undergraduate students in departmental discussions on curriculum, events and activities. 	
Mentor	Feb 2025 – April 2025
<i>Brandeis University Department of Mathematics</i>	<i>Waltham, MA</i>
<ul style="list-style-type: none"> • Mentored 5 students weekly in 50-minute sessions, advising on math majors, courses, and career opportunities. • Helped students pick degree paths and find summer jobs, internships, and other university programs. • Used my experience to guide students in their academics and career plans as a Math Department mentor. • Led talks on math degree options helping students match their goals with available courses and resources. 	
Team Lead (Now) & Mentor (Previously)	May 2023 – Present
<i>Syrian Youth Empowerment (SYE)</i>	<i>Remote</i>
<ul style="list-style-type: none"> • Mentored 3 students through the one-year program, providing 1:1 guidance on college admissions, and typically mentor 2 new students annually each cycle. • Organize weekly/bi-weekly meetings to track progress, ensure deadlines were met, and assist with application submissions. Along with monitoring important dates and setting reminders. • Promoted to Team Lead to supervise a group of mentors and mentees and support their overall progress. 	

TECHNICAL SKILLS AND LANGUAGES

Programming Languages: Java, Python, C/C++, JavaScript, R, MATLAB, LaTeX
Libraries: pandas, NumPy, SciPy, Matplotlib, scikit-learn, TensorFlow, Keras, PyTorch, Seaborn
Developer Tools: Google Cloud Platform, VS Code, Visual Studio, PyCharm, Eclipse, Paraview
Other Technical Tools: Workday, Latte, Moodle, Google Suite (Slides, Docs, Sheets, Calendar), Canva, Calendly
Spoken Languages: Arabic (Native), French (Upper-Intermediate)

HONORS AND AWARDS

<ul style="list-style-type: none"> • Math Mentor Award (Spring 2025). • Bertha A. Sigilman Endowed Scholarship (2024 - 2025 academic year). • Student Leader Prize - Awarded for supporting SU treasury and club finances (Spring & Fall 2024, Spring 2025). • Dean’s List Scholar(Fall 2022, Spring & Fall 2023, Spring 2024, Spring 2025). • AMY Fund Scholar - Recognized for academic excellence and community involvement (2023). • Recognized <u>twice</u> with a prize for involvement in SIUE Undergraduate Research program (URCA) (2023). • Selected as one of only 5 SIUE student representatives at the National Honors College Honors NHCH Conference in Chicago (2023). • Member and President of The National Society of Collegiate Scholars (NSCS) SIUE Chapter (2023). • Honored with a certificate for presenting a paper in the Central States Communication Association (CSCA) Undergraduate Honors Research Conference (2022).
